

Lodging a Team plan for the season

1. Ask each player three aims for the season. Go through the lists and include them in the report.
2. Have the coaching staff and manager provide their aims for the season and list these in the report.
3. Have the coach provide a general overview of how he sees the season developing and include possible events like footy camp, special training sessions at different locations, guest coaches (utilise WAFL club(s), parent / player get togethers, etc.
4. Ask the parents for a suggestion / input as to what they would like to see happen.

End of Season summary of performance against the team plan

1. Ask each player if they achieved their aim(s).
2. Ask them did they enjoy the season? If they did not then ask them to state why.
3. Ask the parents for their thoughts on the season. May not always get what you want to hear but at least it is feedback and something to work on the following year.
4. Highlight the things you did during the season, i.e., went on a camp; had a WAFL league coach come and take a session; trained at Subi (Domain) Oval; made finals, etc, etc.
5. Wrap it all up with coach and staff thoughts about how they saw the season.
