Match Results

1. Choose **Match Results** from the **Comp Management** menu
2. A new browser window will open with SP Match Results
NOTE: the window may not open if you have a pop up blocker enabled on your browser

Match List

1. Set appropriate filters based on, date range, season, club, competition name and venue.

Display Matches

Use the filters below to list the desired matches.

Show matches commencing on (dd/mm/yyyy):	<input type="text"/>	Season	--Select a Season--	Venue Name	Select Some Options
and concluding on (dd/mm/yyyy):	<input type="text"/>	Clubs	--Select a Club--	Competition Name	Select Some Options

SHOW MATCHES

2. Press the **Show Matches** button to display matches involving your club teams at the current login level.

For example if the login is club level and the club has three teams competing in various competitions than the list will show matches involving any of the three teams. If the login level is for one of the teams, only matches involving that team will be displayed in the match list.
3. Choose the options for a match by clicking on either the **Pre Game**, **At Game** and **Post Game**, button on the line of the corresponding match

Pre-Game

The Pre-Game section is used to setup team lists for the match and print team sheets.

1. Click the + button corresponding with players on the **Available Players** list to register in the match on the **Selected Players** list
2. Click the – button corresponding with players on the **Selected Players** list to remove from the match
